HOUSE TO RENT

Searching for a house to rent is a pretty hard job and the only way to avoid it is to own your own home. I have several good bargains in houses that I can sell, by you paying a small payment down and the balance on monthly instalments. Call at my office and I will gladly explain to you and show you the property and if you are looking for a vacant lot to build on, an acre lot in the city or a 3-acre lot near city limits. I sell property on easy terms. I also have some cedar and spruce timber land for sale.

LOCAL FANS WIN OUT IN ARBOR VITAE GAME

Game of Last Sunday a Walk Away—
Many Errors Made by Visiting Team.

After having been repeatedly challenged to a game of base ball, by the Arbor Vitae team of that thriving village, even before the snow left the ground, Manager Deliel not having another team booked, obligingly accommodated them last Sunday at the Fair grounds. Before going to the ball park, it was intimated by the boys from the Yawkey-Bissell town that a rattling good game was in store for the fans, which information served to bring out a larger crowd than the management expected. The Arbor Vitae boys made their appearance at the ball park, eleven strong, wearing brand new, well fitting white suits, with maroon trimmings and stockings. Promptly the game started at 3 o'clock with Arbor Vitae at bat. Two strike outs and an out to first via Rooney, retired the side almost as quickly as it requires to tell.

13 Runs in First Inning.
Polter, the fleet footed left fielder, was presented with a pass to first on a hit by pitcher. From then on the fun began. When the smoke had cleared away and Arbor Vitae had succeeded in disposing of the side, eighteen men had faced Halverness and Gehrke, the Arbor Vitae pitchers and thirteen runs had crossed the home plate. This was enough for the most gluttonous "bug" and when Swanson mercifully struck at three wide balls for the third out, the fans breathed a sigh of relief.

Smarrth, at short for Arbor Vitae, is credited with six errors of commission in that awful first inning, aside from three or four of omission by others, when chances of retiring runners were offered. Smarrth continued his costly work throughout the game, having erred nine times in all.

There were no special features as the home boys were never forced to extend themselves at any time during the game. Rooney made a strike out record, sixteen men falling victims to his deceptive curves. Swanson and Gardner of the White Sox, second base and catcher, respectively, of that team were in the line up and conducted themselves most creditably in the field and at bat.

Next Sunday and Monday, (Decoration Day) a crack team, composed of the pick of the city league teams of Oshkosh will be here. The fans may look forward to witnessing two good exhibitions of base ball.

BRAKESMAN ON SOO INJURED.

Chas. Wilson is Thrown From Freight at Hawkins— Strikes on Face.

Chas. Wilson was brought on a stretcher from Hawkins, Tuesday afternoon and placed in St. Mary's hospital, this city, where he is receiving medical attendance.

The accident happened while he was on top of a moving car. He had turned the brake and fastened it, but the cog slipped, loosening the brake with such force as to throw him from the car to the ground, where he landed on his face.

Besides the shock of the fall and external bruises he sustained broken ribs and serious internal injuries, the extent of which are not yet determined.

Issie Cohen, Tony Seibel, Chris Eby and Chas. Nelson are spending a few days of this week at Sugar Camp resort.

RHINELANDER MAY HAVE Y. M. C. A.

State Officers and N. H. Norman Enthusiastic at Meeting Yesterday

A meeting of the state officials of the Young Men's Christian Association and several members from this city was held yesterday at Rhinelanders. Among those present were State Secretary F. E. Anderson, Assistant State Secretary Charles Puell, P. W. Wells, assistant general secretary of Milwaukee, W. H. Norman of Wausau, Dr. Brown, secretary of Y. M. C. A., Lake Geneva, and others. W. H. Norman gave a gymnastics exhibition in a gymnastic suit on Saturday evening, giving a practical illustration of the work done in the local Y. M. C. A. and kindred institutions. Yesterday afternoon at the mass meeting for men held in the opera house of that city, Mr. Norman gave an outline of work done in the physical department of the local association. Last evening at the union meeting of the several churches, Mr. Norman spoke on what the physical department of these associations stands for in the development of boys and men.

Y. M. C. A. services were held in all the churches of that city yesterday morning, all of which were well attended. The meetings of the afternoon and evening, were attended by large crowds of those interested in the Y. M. C. A. work. At present the churches of Rhinelanders have athletic clubs which carry on the elementary work of the Y. M. C. A. From the interest taken yesterday in the meetings, the state officers believe the time is ripe for a Y. M. C. A. building and organization in that city.—Wausau Record-Herald.

FINE ENTERTAINMENT COURSE CHOSEN

High Grade Talent Secured at Big Expense—Furnished by Central Lyceum Bureau of Chicago.

The executive committee of the Rhinelanders Entertainment Association have selected a course to be given next fall and winter. Three lyceum bureaus met with the committee and offered their talent for sale, but the contract finally went to the Central Lyceum Bureau of Chicago.

The talent selected is as follows: Victor's Venetian Band. This is a band of 25 pieces and has besides, a vocalist and a reader. It is a mammoth attraction.

The Italian Boys' Orchestra, and Folland, a humorist, is an attraction that comes very highly recommended. Durno, the magician, is one of the best that can be had at the present time. It will undoubtedly please all that are interested in magic.

The Orpheans, is the name of a quartette furnishing both instrumental and vocal numbers that will please every one.

Bertha Kunz-Baker is a reader of national reputation and always presents a strong and pleasing entertainment.

Frederick Hopkins of Chicago is a lecturer who comes highly recommended.

The committee feels that it has selected talent that will please every one. The total cost of the course will be about seven hundred dollars. Arrangements will be made in early September for the sale of season tickets. The grade of talent, offered in this course is accessible, only on account of being in our vicinity, otherwise it would be financially out of the question. It is up to this community to support and boom such a high grade entertainment course. It is a slur on the intelligence and ideals of a city of this size to have an entertainment or lecture course fail. Do your part towards making this one a success.

BALL TEAM FOR TOMAHAWK

Tomahawk will have a base ball team this season. It was decided last week when an organization was formed and officers elected. About \$400 was subscribed and besides from players, a number of new recruits are promised. Improvements are to be made at the grounds and things which look favorable for ball.

FITTING EXERCISES FOR MEMORIAL DAY

Local Lodges and Organizations of City Asked to Participate in Line of March.

As some of those in charge of Memorial Day are out of the city, we are unable, before we go to press, to obtain a program of the exercises for the day.

It is hoped and expected that the committee in charge will have the cooperation of all local lodges and societies and also of private citizens. Memorial Day is a day set aside at which time, all should honor the dead and pay tribute to their loyalty and bravery. It was formerly a G. A. R. trust, when the living comrades remembered in public ceremony their dead. After the G. A. R. of this city disbanded, Co. L took the initiative and carried on the usual observance. This year Captain Walker, believing that the matter of observing Memorial Day should be a city responsibility and that deserved attention be given it, went before the city council and asked that an appropriation be made for such a purpose, according to a statute, which provides that such an appropriation may be made and that a committee be appointed. The council voted \$25 to be used in defraying the expense of flowers, carriages, music etc., and a committee of three aldermen, J. Leat-Baker, C. P. Crosby and L. A. Leat-better, were appointed to act in conjunction with Co. L, in arranging the program. It is the earnest wish of those who have the matter in charge, that the various lodges and organizations in the city will turn out and take part in the line of march.

It is your cause and your duty, also citizens to revere the memory of those who fought and died for their country. If such a day is to be observed let it be done in a fitting manner.

SWIFT GAMES EXPECTED

Nine Chosen From Oshkosh City League Teams to Play Our Boys May 29 and 30

Base ball enthusiasts are anticipating great games Sunday and Monday, May 29 and 30. A strong nine has been chosen from the Oshkosh League teams and it is expected they will make the pace a fast one. Some new men are promised for our side, the manager having received letters to the effect that Ross M. Roach, who was here last year as short stop, and John Murphy who played short for Ironwood last year, will be here for the Sunday game.

This will be the first game with our complete line-up and it ought to be an interesting one. The management is doing everything in its power to furnish games that will be worth while. Come out and help the boys along.

SALVATION ARMY BARRACKS

Now Located on S. Stevens St. Hall Divided into Officers Quarters Reading Room and Dormitory

The Salvation Army is now established in quarters on S. Stevens St. and invite any who wish to examine their work.

The hall is divided into officers quarters, a free reading room and a dormitory. The reading room is supplied with books and magazines and out doubt, one of the most beautiful furnished with beds for deserving funnest of all fun plays. men—a charge of fifteen cents being made for a bed. The hall is well lighted and ventilated and fairly well patronized by Rhinelanders residents. The officers, Capt. and Mrs. Turner and E. Chapin are working without salary but so long as the people appreciate the work, done, they are content.

At present there is great need of a dilly paper and games for the reading room, also some blankets for the dormitory, but we feel sure some kind friend will soon donate these. Public meetings are held in their hall every night except Monday and Tuesday. Meetings on Sunday at 11 A. M. 3 P. M. and 8 P. M.

The pupils of the grades at the high school building, were given a half holiday Friday afternoon in which they will dig up the dandelions on the school lawn.

ROONEY'S BOYS COMING

High Grade Concert to Be Given May 31, Under Auspices of Priscilla Society of Cong. Church

The Priscillas have secured the famous Rooney Boys for a concert, Tuesday evening May 31, to be given at the Congregational church.

Mr. Rooney has had remarkable success in the training of boys for the concert platform. The writer has had the pleasure of listening to the music of his numerous groups of boys since 1896. During that time Mr. Rooney has never lowered his standard and it is safe to say this entertainment will fully come up to the usual high grade.

Give the Boys a full house. Adults 50c, High School children 35c, children under 12, 25c.

THE YANKEE DOODLE STOCK CO.

The Yankee Doodle Stock Co. open a four nights engagement at the Grand Opera House on Sunday evening, May 29; they will present on the opening night a big double bill, the beautiful pastoral drama "Only a Farmer's Daughter," which is with patronized by Rhinelanders residents. The officers, Capt. and Mrs. Turner and E. Chapin are working without salary but so long as the people appreciate the work, done, they are content.

At present there is great need of a dilly paper and games for the reading room, also some blankets for the dormitory, but we feel sure some kind friend will soon donate these. Public meetings are held in their hall every night except Monday and Tuesday. Meetings on Sunday at 11 A. M. 3 P. M. and 8 P. M.

RHINELANDER, WIS.

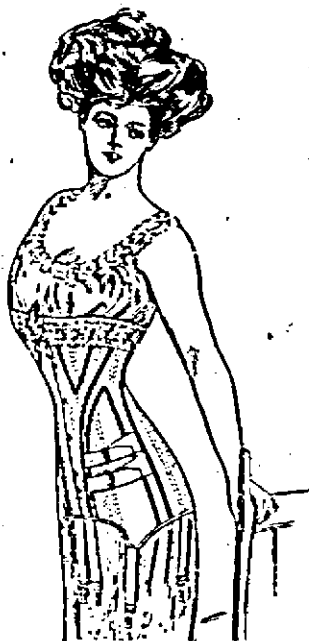

Your attention is called to lands shaded, all of which belong to me. As you see, there are several fine lakes, and I own good frontages on two of the best. Not all of my lands are well timbered, Lot 6 on Horsehead Lake has 70,000 feet growing pine, hemlock, birch, tamarack and oak, besides a great deal of smaller timber, suitable for fuel or pulp wood. There are very few settlers in this township now, but they are settling up the south end, while the town on the west, adjoining, is well settled up. I want to sell these lands, preferably to actual settlers. This is some of the best land in the county.

The township is largely level, with some hills on the north side. Write me a letter, if you are interested or come in and see me. Prices are \$6.00 per acre upwards. Terms very moderate.

Last week, the New North stated that Helen Gary had scarlet fever. We were misinformed, it being Margaret, who was the victim. This week she has added "mumps" to the scarlet fever spots and is sorely afflicted. Helen, also has mumps.

Never hesitate about giving Chamberlain's Cough Remedy to children. It contains no opium or other narcotics and can be given with implicit confidence. As a quick cure for coughs and colds to which children are susceptible, it is unsurpassed. Sold by All Dealers.
This town never saw so many people buying varnish at one time as during the Chil-Namel Demonstration at T. C. Wood Hdw Co's store. The Demonstrator was an expert and showed Chil-Namel to be most remarkable varnish. The average varnish turns white when exposed to moisture. Chil-Namel neither turns white nor loses any of its gloss when subjected to boiling water. It does not crumble or chip off when struck a heavy blow. Makes a durable and handsome surface for floors, tables and all kinds of wood work in a home.

Headache?

Want to know the quickest and best way to stop it? Take Dr. Miles' Anti-Pain Pills. They are the best because they do not leave any disagreeable after-effects. Just simply quiet the nerve irritation which causes the distress. What is equally important they do not derange the stomach—only a pleasurable sense of relief follows their use.
"I am in fairly good health, but subject to frequent heavy, cloudy head, and occasionally dull pain. I get relief with one or two of Dr. Miles' Anti-Pain Pills. They are very beneficial to me and I do not like to be without them." D. F. LEWIS, Cleveland, O.

If you doubt the depths to which the sugar trust went in its falsifying weights to defraud the government, read Oliver Spitzer's testimony in the sugar trial. It is simply amazing to realize to what lengths this great corporation went to cheat the government out of its just dues. It would make one feel the old saying too true, "A corporation has no soul."

The elder twin, the Milwaukee Sentinel, the organ of the special interests is again beginning to make its attacks upon Senator LaFollette. It began these tirades many years ago and still Senator LaFollette is in the forefront fighting his battles for the people. It would seem that the Sentinel would see how little it has accomplished in its virile attacks on the senior senator and stop, but it seems blind to its own follies.

SENATOR LORIMER SHOULD PROVE HIS INNOCENCE

Senator Lorimer who a few weeks ago was calling representative White crazy for his confession of a bribe for voting for Lorimer for U. S. Senator, is now turning his guns on bigger game and says it is Governor Deneen and his associates who wish to blacken his political career and ruin his financial standing.

It is up to Senator Lorimer to remove the stain from his senatorial toga by proving his innocence. If he cannot he should step out of the United States Senate and not let the burden of his guilt rest upon his party. Accusing another will not remove the stain from the blood senator from Illinois.

WILL THEY MAKE THE TRADE

It comes from Washington that the regular Republican Senators are now trying to make a bargain with the Democrats whereby they can carry the railroad bill in its present form. The Republicans are to vote for the state road bill if the Democrats will support the railroad measure.

Can it be possible that they have reached this level? These Republicans have professed to oppose the state road bill from principle and the Democrats have claimed to oppose the railroad bill from principle; will the principle change if each party supports a measure to carry its point which it has argued was wrong from principle. It is only one step further to do as Lorimer is accused of doing buy the vote with money.

STOP WASTEFUL EXPENDITURE

A few months ago much was written of the business-like economical administration of President Taft and now we are informed that the extravagant expenditures of the government will eat up all the extra money raised by the new tariff. Mr. Hale speaks of this and still Senator Hale himself is a member of the Ways and Means Committee.

Why not a move to stop this extravagance? In all this talk of profigate expenditure, we read of no veto of any of these bills by the President. Why not stop some of the leakage with a veto and teach the leaders there must be a halt somewhere. No better time for the President to show his backbone and sense of economy than at the present with a veto.

INSURGENTS REFUSE TO SIGN PARTY CALL

Representatives Cooper, Nelson and Lenroot of Wis. Among the number who refused to sign the call were Representatives Norris and Hinshaw of Nebraska, Davis of Minnesota, Nelson, Cooper and Lenroot of

MADISON LETTER.

Six years ago the rankest of the Eleventh Story League Republicans bolted the Republican convention and flopped over to the Democrats. Last week they resurrected themselves and now propose to hold a convention to determine "Republican principles." A committee of five, consisting of E. L. Phillips, L. H. Bancroft, Spencer Haven, M. J. Wallrich and George H. Gordon, was chosen to

pass upon the qualifications of delegates.

The membership of this committee, properly analyzed and identified, is as follows:

Phillips: Ex-railroad official; head of the old Eleventh Story League; lobbyist against primary election and railroad rate laws.

Bancroft: Rode on railway pass while Attorney General; defeated blinder twice bill; distributed Stephenson campaign funds.

Haven: Defeated and discredited candidate; supported Peck and Democratic ticket in 1904, not heard of since.

Wallrich: Former member of the assembly who pledged himself in convention, publicly repudiated his pledge in the legislature and gave up politics in disgust.

Gordon: Former railroad attorney;

distributed \$1800 of Stephenson's campaign funds; recently appointed United States District Attorney at Stephenson's request.

This is the credential committee appointed by the old stalwart-democratic-Peck contingent which now assumes authority to formulate Republican principles.

Discredited campaign fund distributors and office seekers who have no political standing or influence, who opposed the progressive movement to the best of their ability, bolted the republican convention and openly aided the Peck democrats, now have appointed themselves a committee on credentials to their elder show.

Shades of Lincoln, McKinley and Roosevelt! To what base use has the term Republicanism fallen when

Wickersham, Ballinger, Aldrich, Fair

rier Hitchcock, Jack Pot Lorimer and Joe Cannon are seeking to control national politics and Phillips, Gordon and Bancroft are to perform the same duty in Wisconsin.

No wonder Mr. Taft is tired of the Presidency; his string of friends would queer the strongest man that ever lived.

BALLINGER IS PUT IN A BAD LIGHT

CHARGES OF HIS STENOGRAPHER
AWKWARD FOR SECRETARY
OF INTERIOR.

WHO WROTE GLAVIS LETTER?

Kerby's Statement Both Sensational
and Serious - Senator Aldrich
Saves His Political Face, by
Yielding to Progressives
on Railway Bill.

Washington—Frederick M. Kerby, stenographer in the office of Secretary Ballinger, charges that the letter exonerating Ballinger from the Glavis charges and dismissing Glavis from the service was prepared in the office of the secretary of the interior by Oscar Lawler and the final draft was the result of a conference at which Don C. Carr, secretary to Mr. Ballinger, Fred Dennett, commissioner of the general land office, Chief of the Field Service, Schwartz, and First Assistant Secretary of the Interior Frank Pierce participated. Ballinger himself read the rough draft of the letter aloud. It was freely criticized by the others and the final draft was only adopted after it had been discussed in its every detail.

Mr. Kerby also charges that the rough draft of the letters was burned in the grate in a room of the interior department and that the suggestion that they be thus destroyed was made by Don C. Carr, private secretary to the secretary of the interior. Mr. Kerby made a signed statement to this effect.

For weeks Attorney Brandeis has been endeavoring to secure the original of the letter which passed between Secretary Ballinger and the president and was the basis of the letter of the president of September 13. When the papers were originally called for by the investigating committee the president transmitted all of the papers and for the first time gave publicity to the Wickliffe opinion. Within the week Attorney General Wickliffe has verified the statement that this opinion was not in existence at the time that the president's letter was prepared but that it was written some time afterward. As a matter of fact it was written about two months after the president's letter had been made public.

Ballinger's Queer Statement.

In the testimony before the committee, Secretary of the Interior Ballinger denied that he had possession of a copy of the Lawler letter. According to the statement of Frederick Kerby, Mr. Ballinger not only participated in the preparation of this letter, but there were three carbon copies of it retained in the interior department, and Mr. Kerby himself put a copy of the letter attached to the Cunningham record in one of the files in the interior department. It remained in the file where he had placed it until about a month ago, when he noticed that it had disappeared. Some time after he had filed the letter, he stated that Mr. Carr came to him and to Mr. Massey, another stenographer, and informed them that Mr. Brandeis wanted the stenographer's notebooks covering the period of the letter. Mr. Kerby said that it was his custom to destroy his notebooks, and he told Carr that he thought that his books were destroyed but that Massey kept every notebook and that he probably had his. Carr in a laughing way said: "Well, Massey, I think it would be a mighty good idea for you to lose those notebooks." Mr. Kerby later found his notebook containing the original draft of the letter which Oscar Lawler carried from Washington to Beverly and which was used as the basis of the Taft letter dismissing Glavis from the service.

Matter is Serious.

The statement of Kerby, which in effect charges an effort to do away with public documents, is the most sensational and serious charge that has been made in connection with the whole Glavis-Pinchot-Ballinger controversy. The whole controversy hinges about the fact that in the secretary of the interior's office orders were issued to clear the list of fraudulent Cunningham coal claims and to give them to the Morgan-Guggenheim syndicate of Alaska.

In keeping from the public information in regard to this whole plan and in misleading the president with reference to the actual facts, the statement of Mr. Kerby as to what occurred in the office has had the effect to convince those who previously doubted of the truth of the contentions of Mr. Pinchot's friends that the secretary of the interior's office was manipulated in the interests of the Morgan-Guggenheim syndicate.

Aldrich Forced to Submit.

Following their victory in compelling the withdrawal of the sections of the rate bill legalizing traffic agreement and railroad mergers the Progressives compelled the writing of the long-and-short-haul clause into the pending bill in the senate.

Although Senator Aldrich was adroit enough to avoid a test vote his defeat was none the less complete. He made a masterly retreat, but he left the field in full control of the Progressives.

When the time for final action arrived in the senate there were pending several long-and-short-haul amendments, proposed by Senators Heyburn, Dixon and Cummins, Republicans; Overman, Paynter and Clay, Democrats. Under a unanimous consent agreement voting was to come at four o'clock on Friday and no debate could be had upon any of the propositions. There was nothing to do but vote. During the last hours of the debate Senator Bailey, as it was understood in a caucus of the Aldrich Republicans the day previous, made a speech in opposition to the Dixon amendment and said that he could not vote for it in general for the reason that it would destroy business conditions and would result in confusion and turmoil. In the course of this speech Mr. Bailey said there were some Democratic amendments pending that he would vote for.

Dolliver's Emphatic Speech.

Senator Dolliver, one of the Progressive leaders, immediately seized the situation, and calling attention to the remedy which the opponents of the long-and-short-haul clause had put forth, namely, that the people should move out of the communities which are discriminated against, he said:

"If that is the only remedy that can be suggested, there are mighty few amendments such as are now pending that will not command my vote as a protest against that cynical and brutal alternative which is offered to communities in every way entitled to the good will and to the sympathy and to the help of their countrymen all over the United States."

That was notice that the Progressives were not going to be bound by party, but they were going to vote for any amendments that would help to cure the evils from which the interior parts of the country are suffering under the present railroad discriminatory rates.

Aldrich Forced to Yield.

Senator Dixon offered as a substitute for the pending Heyburn amendment, an amendment made up of a portion of his own and a portion of that offered by Senator Paynter. Aldrich, quick to see that the combination which he had made with Bailey had been undermined by the adroitness of the leadership of the Progressives, acquiesced and said that the substitute offered by Dixon would have his support. The retreat of Aldrich threw the senate into confusion. The only thing to do was to recess. This was done for half an hour on the motion of Senator Dixon. Aldrich, still confident of his leadership, asked a conference in his own room, where the amendment which had been offered by Mr. Dixon on his feet could be perfected. The conference resulted in nothing. Mr. Aldrich was deserted. The end of the half hour over, the amendment had not been perfected and a recess for another half hour was taken. Mr. Smoot brought the amendment out of Mr. Aldrich's room, took it to the desks on the rear of the Democratic side and it was perfected in the open and Mr. Aldrich, in order to know what it contained, had to come and stand alongside of Cummins the Progressive, and Bacon the Democratic, while it was being rewritten. It was a bitter pill for Aldrich not to be able to write this amendment in his own room and under his dictation. The amendment as it was agreed to and finally adopted, makes it unlawful to make a greater charge for a shorter than for a longer distance in the same direction, but that the Interstate Commerce commission may, in special cases after investigation, permit a railroad to charge less for longer than for shorter distances.

Shows His Adroitness.

In jumping in at the eleventh hour and leaving a majority of his forces to vote for his long-and-short-haul clause amendment stronger than that which was originally proposed by the Progressives, Senator Aldrich was merely saving his political face. According to a statement attributed to Senator Root the Organization could have defeated the Dixon amendment and could have prevented the writing of a long-and-short-haul clause into the law, but in doing so it would jeopardize the seats of six or eight senators and in all probability reduce the Republican majority in the senate by that number.

This was the strong political consideration. There is no doubt but that by cracking the whip strong enough the Organization might have secured the vote of such men as Carter, but if it did so it was sure to write his political death warrant.

Aldrich is a more adroit leader than Cannon. Aldrich was as thoroughly beaten in the senate as was Cannon in the house recently, but Aldrich did not propose to go to the mat. He realized that even if he had a victory, it would be at too great a sacrifice. He figured it to be better for the Organization to permit the Progressives and the Democrats to write the amendment and save what he could than to go to the mat, possibly win a scaly victory and pave the way for ultimate defeat in the retirement of several of his trusted allies. The Democratic leadership, aside from that of Senator Bailey, was much wiser in the senate than it was in the house. There is no doubt but that Champ Clark in the house made a political blunder in leading the Democrats of that body to vote against the railroad rate bill as it was perfected in the committee of the whole. It was a fairly good measure, and should not have been opposed upon party grounds.

The attitude of the Progressives in notifying Mr. Aldrich, through Senator Bristow, that they proposed to stick by their Democratic friends, was one of the large determining factors in bringing about the defeat of the Rhode Island senator. Had the Progressives consented to Mr. Aldrich's program, that if this amendment was to be written, it must be a Republican amendment, in all probability the Democratic support, or a large part of it, would have been lost.

JOHN J. HANNAN.

Terror of White Faces.

Either Stanley, or Livingston, perhaps, told the world that after long living in Africa the sight of white faces produced something like fear. (And the evil spirits of Africa are white.) Well, even after a few months alone with black faces, I have felt that feeling of uncomfortableness at the sight of white faces. Something ghastly, terrible, seemed to have come into those faces that I had never imagined possible before. I felt for a moment the black man's terror of the white. At least I think I partly realized what it was.

You remember the Romans lost their first battle with the north through sheer fear. The fairer, the weirder, the more spectral, the more terrible. Beauty there is in the north, of its kind. But it is surely not comparable with the wonderful beauty of color in other races.—From Correspondence of Lascadio Hearn, in Atlantic.

The Viking Ship.

Many think the famous old Viking ships were unfit for long ocean voyages. During the Columbus fair of 1893 an exact replica of the "Gogstad" ship was built and sailed across the Atlantic on her own bottom. She proved to be a capital sea boat, and was for a long time the center of attraction at Chicago. The Gogstad vessel was discovered in 1880 near Sandefjord, in a mound where she had been buried for centuries. She was 79 feet long, 17 feet wide, 8 feet deep and weighed 20 tons. Her model is almost perfect, and it is claimed that for beauty of lines she could not be surpassed by the greatest of present-day designers.

Famous Bell of London.

Big Ben, the famous London bell which strikes a discordant tune, derives its name from Sir Benjamin Hall, who was first commissioner of works at the time the bell was cast. It weighs 13 tons, and on a calm day foods London with a wave of sound. Discordant or melodious, however, Big Ben will always remain the standard timekeeper for Londoners, who regulate their watches by it.

Monster Halibut.

A 400-pound halibut was recently displayed in London.

DEATHS

The funeral of Oscar Weston, who was fatally injured at Arbor Vitae last Wednesday, was held at the residence on Anderson St. at 2:30 o'clock. Saturday, in charge of the Masonic Lodge of this city, a large number attending.

Mr. Weston was 53 years of age and had been a resident of this vicinity for over thirty years. He was much respected and was known as a man of sterling qualities. His sudden death is greatly mourned by a large circle of friends. He leaves a wife, and two sons by a former marriage, E. J. Weston of Chicago, who was present at the funeral, and W. Weston, who less than two weeks ago went to Mexico. Mrs. W. Weston was present.

Frank Floyd, aged 54 years, an inmate at the Poor Farm, died Sunday and was buried Tuesday. He had no relatives in this vicinity.

FINE VIEW OF ECLIPSE

A fine view of the eclipse of the moon Monday night was visible between the hours of 9:45 and 12:30. In the early evening it seemed probable that the clouds would entirely obscure the moon but by 9:30 it was out in all its glory and could be watched as it gradually passed into the earth's shadow.

ASSEMBLYMAN STEVENS
WRITES FROM WASHINGTON.

Describes Beautiful Sights and Historic Places of Nation's Capitol
Richmond, Va., May 18 1910.
You see by this letter heading I am in Richmond, Va. I cannot well go back of my arrival in Washington D. C. in my account of trip, which was Sunday evening the 13, at 4:40, having stayed in Chicago one week; found a hotel near depot, lunch counters and cafes in abundance. I took a look first at the magnificent Union depot, its proportions are enormous and its architecture and furnishings are elaborate; the first view presented, looking toward the Capitol is one of destruction—the earth works in one of the mottled mess will in a year or two blossom into a beautiful park, so that visitors will be introduced to a thing of enchanting loveliness. I was some disappointed in the low appearance of the Capitol from the east, but from the west, the ground being so much lower, it looks lofty and great in its proportions. I found our Representatives Morse and Kopp of my acquaintance from a southern district. I sat in the gallery a while watching the speaker round out the business and frankly try to preserve order, but a moment's hush and steam is on again. About one hundred out of three hundred and twenty were in their seats or moving around. Uncle Joe (as the speaker is familiarly called) is about my size and build. Lunch time came and friend Morse invited me to lunch with him in the Capitol, where provision is made for members and their friends. When we arrived found Congressman Kopp's carman, Cooper, Le-root, Wopos and Morse, with Assemblyman Stevens, make up the half dozen, had a fine repast and separated for the business of the afternoon.
I went to Washington monument, which is 550 feet high, 34 feet square at base and 24 feet at top, the walls are 18 feet thick at bottom and 18 inches at top, so the inside is larger at top than bottom. The elevator that takes you up in five minutes, goes slow and is operated by electricity. It is 10 feet square and carries 40 persons. There is no charge. There is a stairway with landings every 20 ft., so if you choose, you use your muscles; there are no openings except at the top where there are two on each side 2x1 feet; here you get a fine view of the city and the beautiful Potomac within eighty rods of its base; adjoining this ground of forty acres, more or less, is the drilling ground for soldiers. Still north is park and in close proximity is the Army and Navy building, a very imposing and ornamental structure.
Adjoining these grounds on the

north is the Art Science and Museum building in which I spent considerable time. Across the avenue, east of this, the White House or President's mansion. It was about five o'clock when I got to this, could not go through it. I went across the beautiful grounds; a soldier stood guard on each side of the steps that lead up to the entrance. I asked one of them how often the walls were painted, he said once in two years; it is two stories above the basement and old fashioned, especially noticeable in windows.
East of the White House and across the street the building where all the naval officers have their offices, and all you can see in the long dark corridor, is models of our war vessels in glass cases set on tables; but it is right, so start for hotel.
Pennsylvania Avenue is 156 feet wide and connects the White House with the Capitol grounds about one mile distant. Tuesday, I boarded a trolley car for Arlington, the burial ground for our nation's soldier dead, where 21,411 are buried and additions are being made every day; 800 confederates are here; 2111 unknown lie in one division of the cemetery of our boys in blue. All have a head stone of marble or granite, some in slab about two feet high, sixteen inches wide by three thick; others of less size and some five inches square and one foot high. The officers have monuments of various sizes and shapes.
Robt. E. Lee owned 1160 acres which the government confiscated but after the war he sued for its recovery, gaining the suit and congress voted \$150,000 in payment of judgment. 400 acres of this is used as an experimental farm, 408 acres fenced for cemetery and the remainder make up the half dozen, had a fine repast and separated for the business of the afternoon.
It occupies a prominent place; the Potomac in fine view, with Washington in sight. Went back to our car which the wise old hackman timed. Went down to junction tool another car south for Mt. Vernon, passing through Alexandria, the old Capitol of Virginia, arriving at eleven a. m. Here Geo. Washington lived, died and was buried. The house he lived in is a low two story structure, the first story ten feet, the second eight feet and rooms finished in the roof; a wide portico with the old fashioned fluted columns faces the east and a few rods from a steep declivity to the Potomac. The house is furnished in every part and about one fourth of all was the very pieces used by the family; there is a surplus of antiquated articles donated as relics. I think the Ladies of D. A. R. have this in charge.
Having seen all we were informed our boat would start at one p. m.

Went down the gravelly driveway to the wharf and were soon on our way up the Potomac, 14 miles to Washington.

I find I have written more than you will want to publish, yet all this may be of interest to your readers. I forgot to mention I called on Senator LaFollette and expect to spend an hour or more with him before I leave. This is an interesting place and I will write it up later.
I am well and expect to leave Washington for Philadelphia, Monday at the latest.
Your friend,
D. B. STEVENS.

CURE YOUR KIDNEYS

Do Not Endanger Life When a Rhineland Citizen Shows You The Cure

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them? Doan's Kidney Pills is the remedy to use, because they give to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney disease, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Rhineland testimony:
Melvin Sweet, of 310 Randall St., Rhineland, Wis., says: "I was in a bad condition about a year ago as the result of severe attack of kidney trouble. I could not get out for weeks, as my back was so lame and painful. The kidney secretions were also disordered. Doan's Kidney Pills, procured from Reardon's Drug Store, relieved me and consequently I cannot say to much in their favor."

For sale by all dealers. Price 50 cents. Foster-McBum Co., Buffalo, New York, sole agents for the United States.

YANKEE ROBINSON SHOWS
GIVE EXHIBIT JUNE 14

Advance Agent in City Friday To Place Advertising in Newspapers
The Robinson Shows are known to every one familiar with circuses they having been on the road many years, growing from a caravan of wagons and one ring show to its present magnitude.

AIRSHIP IS COMING

Monster Airship Will be Brought to This City by Yankee Robinson

The event of the year will be the exhibition of the Santa Dumont airship which will be demonstrated in this city on the day of exhibition of the Yankee Robinson Shows. This is the identical airship that made the circle of Eiffel Tower in Paris last September. It is indeed, as outlined in the advertising of the show, the marvel of the age. Prof. Foster, who has charge of the big ship, has a world wide reputation in Europe, where he has made successful flights before the officials of Germany, France, England and Russia.

Owing to the immensity of this production, the Yankee Robinson Shows will only exhibit this season on every one hundred miles. The point of exhibition for this particular locality has been selected at Rhineland.

Tuesday, June 14, 1910. Arrangements have been made to run excursions for one hundred miles to this city. It is conservatively estimated by railway officials that upwards of five thousand people will take advantage of the low rate to witness this never to be forgotten sight. Together with the visitors by rail, the country people who will drive to the point of exhibition and others who will be desirous taking advantage of this imposing sight, it is fair to estimate that upwards of twenty thousands people will witness the demonstration.

The airship will positively be demonstrated with the Yankee Robinson Shows on Tuesday June 14.

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. Sold by All Dealers.

The Designer That's Paid Like a King

The man who designs United Clothes is paid a fabulous salary. But United Clothes styles are original creations. Anyone can copy fashion plates. It takes a master to create style.

United Clothes

unlike common fashion-plate clothes, have individuality, and that's what you want if you have what is called "personality."

It takes more than a thousand skilled people working every day to make enough of these clothes to supply the demand.

The clothes must be good to be popular.

And it's on account of this mammoth production that we can give so much for the money.

United Clothes are priced at

Ten, Fifteen and Twenty Dollars

We recommend them to men who want the utmost in clothes value.

GRASSHOPPERS COME EARLY

Farmers of Upper Michigan Delay
Planting For Fear Pests Will De-
stroy Crops.

Grasshopper give promise of caus-
ing much damage in Upper Michigan.
The pests have appeared much earlier
than usual. They have been increas-
ing in numbers daily for nearly two
weeks past. When they first began
to appear the farmers thought they
would be killed off by the frost, but
they are becoming more numerous
every day and they are already begin-
ning to injure sprouting plants.

One farmer who was in town today
said that he was almost afraid to plant
anything, as he feels certain that the
grasshoppers will devour both the grain
and vegetables as fast as they show
above the ground. He has been
watching the grasshoppers for several
days and he says that during all his
experiences he has never seen them
so plentiful at this time of the year.
As a rule they first make their ap-
pearance about the middle of June,
and increase in numbers from that
time until latter part of August.

Grasshoppers were more numerous
last year than any previous time in
fifteen years. They caused extensive
havoc, not only in this locality, but
in most portions of the upper penin-
sula. Hay in particular suffered, so
much so, in fact, that many farmers
found themselves unable to carry their
cattle through the winter.

THE HIGH COST OF LIVING

Increases the price of many neces-
saries without improving the quality.
Foley's Honey and Tar maintains its
high standard of excellence and its
great curative qualities without any
increase in cost. It is the best
remedy for coughs, colds, croup,
whooping cough and all ailments
of the throat, chest and lungs. The
genuine is in a yellow package. Re-
fuse substitutes.

A LITTLE BUNCH OF "DAISIES"

Four charming young ladies all
walking abreast, strolled down Euclid
avenue, stylishly dressed; they looked
neither to left, nor they looked to the
right, while each masculine eye fol-
lowed them out of sight. And as briskly
they stepped on their way down the
street, they said many things, one of
which we'll repeat. That was: "That
Chil-Namel at house-cleaning time,
helped the ladies to keep all their
homes looking fine." Those who have
used Chil-Namel once will never accept
other varnish. The first brushful
convinces them it is different. It
flows out so smooth—requires so little
brushing—and best of all, stands the
hard knocks so well. Stains and var-
nishes at one application. All colors
at our store. Sold by T. C. Woodliff
Co.

BOARD AND ROOMS WANTED

Without doubt one hundred and
fifty teachers will be brought to
Rhinelanders by the summer school.
Many of these will desire either
boarding or rooming places or both.
To provide for them it is necessary
to know the names and addresses of
those who will furnish board and
room, board only, room only; or who
will rent rooms for light house keep-
ing. Terms should be the basis of
a week of seven days, and of five
days. Drop a postal to F. A. Hil-
debrand if you can help take care of
summer school students.

Kidney trouble is particularly to
be dreaded because its presence is
not usually discovered until it has
assumed one of its worst forms—dia-
betes, dropsy, or Bright's disease. If
you suspect that your kidneys are
affected, by all means use Hollister's
Rocky Mountain Tea—the great sys-
tem cleanser and regulator.

FROM NEARBY TOWNS

Wausau—The lifeless body of Hiram
Dunfield, aged 66, a well known
timber estimator and a resident of
Wausau for forty years, was found in
the Plover river near here yesterday.
His death is supposed to have been
due to heart failure.

Tomahawk—Henry H. Roehrborn
has succeeded Henry J. Hein as man-
ager of the Mitchell Hotel. Mr. Hein
had been connected with the Mitchell
for sixteen years, the last seven, as
manager. Mr. Roehrborn was man-
ager of the Northern Hardware Co.
several years and a resident of the
town some time.

Tomahawk—When a building was
moved by Werner Wipperfurth, a
petrified cat and rabbit were found
under the building. They are al-
most perfect in shape. Most of the
fur is gone but the feelers on the
mouth of the cat are still there and
are like needles. The animals have
turned to a reddish brown clay and
are hard as rocks. They will be
sent to a public museum. The build-
ing had been standing over twenty
years and the animals must have be-
come petrified several years ago.

Iron River—During the recent for-
est fires, the lumber yard owned by
Geo. Barnes and located about four-
teen miles from here, was burned,
causing a loss of \$170,000. Mr. Barnes
also lost some new camps near Eau
Claire.

Iron River—F. L. Musback, with a
corps of assistants, arrived in this
city the first of the week and has
begun making a soil survey of the
county under the direction of the De-
partment of Soils of the University
of Wisconsin. He will make this
city his headquarters while doing
his work in the western part of the
county.

Deerbrook—The Deerbrook base
ball boys again showed their ability
in playing ball last Sunday by defeat-
ing the Rhinelander Cubs by a score
of nine to two in spite of all the
knockers that were present. Our
friend Biggy went back to Rhine-
lander disappointed.

Park Falls—There is an epidemic of
scarlet fever in this city, at present
eighteen cases being under quarantine.
So far there have been no deaths,
though several are reported dan-
gerously ill.

Murray—PHIL Cline a resident of
Bruce was killed by a train on the
Chicago division of the Soo last week
near Murray. The body was found
lying alongside the track, with the
right foot severed, a bad scalp wound
and the back injured. How the ac-
cident happened, probably will never
be known.

Ladysmith—Joseph Schmidt, a young
man of 18 was drowned in Flambeau
River last Friday. He was employed
in feeding the chute, which con-
veys the logs from the river into
the mill of the Flambeau River Lbr.
Co. It is not known whether he fell or
whether he failed to hit the log with
his pike pole.

Oscoda—Rhinelanders School and wife
living two miles from here have
had the body of their daughter ex-
humed after being buried a few
hours. She died after an illness of
one half hour but the idea that her
supposed death was a trance has
been growing in their minds until
they could not stand the torture of
mind, so have exhumed the body.

Phillips—Jesse Finkerton was taken
to Waupun, having been sentenced
for three years for assaulting Wm.
Loomer, crippling him for life. The
defendant and his victim were living
at Park Falls. He first shot at
Loomer and then struck him with his
gun. He escaped from the sheriff
and was finally located in Michigan
and brought back here for trial.

Schofield—This village is in the
grip of a serious scarlet fever epi-
demic. Twenty three cases are un-
der quarantine and it is feared the
village will be quarantined in order
to stamp out the disease.

Mosinee—Chas. Blake has
pleaded guilty to the charge
of arson and has been
sentenced to Waupun for seven years
and six months. His rash act has
caused a loss of \$70,000 worth of
property. He was once a respect-
able citizen, but of late years has
been addicted to the use of liquor.
He gives no reasons for the crime
except that of being mad.

Commander Julius A. Pratt Post No.
143 Dept. III, G. A. R.

Mr. Isaac Cook, Commander of a
Love Post, Kewanee, Ill., writes:
"For a long time I was bothered with
backache and pains across my kid-
neys. About two months ago I start-
ed taking Foley Kidney Pills and
soon saw they were doing just as
claimed. I kept on taking them and
now I am free from backache, and
the painful bladder misery is all gone.
I like Foley Kidney Pills so well
that I have told many of my friends
and comrades about them and shall
recommend them at every opportu-
nity."

MONICO

Born to Mr. and Mrs. L. A. Taylor of Monico, on the morning of the 22d of May, a still born son; an unusually fine, large infant who would have been most tenderly welcomed by the entire large family had he been spared, but they bow to the supreme head of the universe. The mother is as comfortable as could be expected.

BUNDY

Mrs. J. DeLong is spending the week at Crandon on business and visiting friends and relatives.

A large number of Bundy people attended the show at Rhinelander last week. Everybody reported the show as being good.

Mr. LaPage went to Rhinelander Saturday evening.

Messrs. M. Taggart and Geo. Gleason spent Sunday in Rhinelander.

Seven new families are to make their homes in Bundy. The mill is now running "full force," and from all indications a good run is anticipated for the summer.

Two large pelicans, besides a loon, have been seen flying over the lake in Bundy. The pelicans were exceptionally large.

Miss Violet Kummers who has been in Antigo for a week has returned to her home in Bundy.

Jule Demars, Bundy's automobilist, made a flying trip to Rhinelander last Saturday.

E. N. Morrill was out of town a number of days last week on business.

Mr. Wall, cook at camp 8, has his dining hall elaborately decorated. Everything is bright and clean; it might well be termed the "acme of cleanliness."

Bundy is to have a wedding soon; and it will be had to the tune of "Sweet Marie."

An operation was performed on one of the heavy black horses of the company. An unusual large growth in the right nostril of the horse greatly hindered its breathing. Dr. Welch successfully performed the operation.

Several Bundy residents saw the eclipse of the moon Monday night. Thanks to the generosity of Mr. MacDonald, night engineer, who aroused us from our nocturnal slumbers.

Art. Brandner of Elcho, likes Bundy so well that he is going to stay.

Miss Ruby Jennings had a caller Sunday afternoon, but for some reason or other, she refuses to give his name.

If baseball fans want to see the good old "home-run" hits, they should see the school boys at baseball. Despite the fact that Mr. Erikson can throw "out drops" (?) and the like, the leather sphere often loses itself in the slashing or rolls down the hill. The players are of all sizes, ranging from the primary school to the ninth grade. Gunnar Nelson is the star "slugger," while Carl Olson, is the strong first base man.

Mr. Morrill claims to have seen the comet. Enough said.

The death of Doctor O'Connor of Rhinelander came as a surprise and shock to many of his friends in Bundy. Those who knew him, speak of

him as being a strong man in his profession.

Dan Reed of Hurley is a Mercer visitor today.

Mr. Laughlin of Minocqua with a crew of men moved the fall to the vacant lot behind the town hall.

AROUND THE CIRCLE

Mrs. Dick Thomas, of Morley, Wis., is making her father, Mr. C. R. Knuth, quit an extended visit this week at

the "Flats". Mr. Knuth, it will be remembered, purchased the Ed. Kaufman, property last fall and is making some splendid improvements thereon.

Miss Anna Christianson, spent a few days in the City recently among her numerous friends.

Mr. Edward Dagle, of Tomahawk, Wis., is visiting friends at the "Flats" this week. There seems to be a great deal of attraction in that vicinity for Ed.

We understand that one of Ed. Kaufman's little children met with quite an accident at Arbor Vitae, Wis. lately. Mr. Kaufman, it will be remembered, was one of the Crecents picens, having settled there quite a number of years ago.

Since purchasing the farm property of T. P. Hagen, the Rhinelander Power Co. are making some very important improvements in the way of clearing, plowing, stumping etc.

Wicks says he is going to show the farmers how they produce Pine Apples and Bananas they do in Mich.

Emery Hamlin, spent a few days among old friends and neighbors recently looking after business matters. Emery is looking after the interests of a large lumber company, at Foster-vill, Wis.

John Hess, of the Town of Pelican,

has enlarged his farm by purchasing the south west forty of the Frank Bennet estate recently.

CARD OF THANKS

We wish to express our sincere thanks to the fraternal societies and many friends who have so kindly tendered their assistance in our late bereavement.

The Ways of Men

Many a man who would be unable to find the family Bible if he hunted all day would have no difficulty in putting his hand on the corkscrew, even in the dark.

Seattle Can Be Made Seaport

Government engineers have reported that Seattle can be made a seaport by cutting a canal to Puget sound by way of the Salmon bay, at a cost of about \$2,500,000.

Extra Special IN OUR SHOE DEPARTMENT

We have just received a lot of fine high grade latest style Ladies' Oxfords in patent colt and patent kid. Button, lace or blucher. Pl. toe or tip, high Cuban and military heels. Hand welt, Goodyear welt and hand-turned.

These oxfords are the drummer samples, therefore they are better than the regular stock shoe as these shoes have to stand comparison with other lines. It naturally follows that the manufacturer will do his best to make the sample shoe as good as it is possible to make.

On account of its small size it is sold at a great reduction and thousands of women who can wear 2 1/2, 3, 3 1/2, and 4 in A B C widths take advantage of this fact and buy only sample shoes that give them a chance to wear a much better shoe at less money. Our sample shoes are \$3.50 to \$5.00 values. We have reduced them for this week only to

\$2.98 a pair.

We just received another lot of those fine silk petticoats that we have sold so much a few weeks ago. They come in assorted colors. Blue, black, navy, red, etc., \$5.00 to \$7.50 values reduced for this week only
